

Notification of Booster Seat Waiver

Dear Parent(s):

On December 1, 2001 the State of New Jersey passed what is currently known as the Booster Seat Law. All children under the age of eight and weighing less than 80 lbs. are required to be in a child passenger restraint system or booster seat. A child passenger restraint system or booster seat will be provided by Tall Pines Day Camp.

Tall Pines tries to provide the safest ride possible. Each year our campers come to camp wearing seat belts in vehicles that are closely supervised. We feel that booster seats provide an extra measure of safety for our campers. We are aware that the law may be changed before the start of the camp season. You will be notified of any changes made to the booster seat law if it does occur.

If your child is less than eight years old and but weighs more than 80 lbs. then you may sign the form below and return it to camp as soon as possible.
